EDUCATION

University of California, Berkeley

Bachelor of Arts in Applied Mathematics

May 2020

GPA: 3.3 / 4.0

San Diego Miramar College

Associate of Arts in Mathematics Studies

Honors: Highest Honors, Dean's List

May 2018

GPA: 4.0 / 4.0

SKILLS

HTML, CSS, JavaScript, SQL, Python, Git

PROJECTS

Real Estate Website

- Built a fake Real Estate website homepage using HTML and CSS.
- Applied CSS grid and media query for responsiveness.

Library

- Built a small Library app which allows users to add books, change each book's read status, and remove books.
- This project was built to practice JavaScript objects and object constructors.

Etch-a-Sketch

- Built an Etch-a-Sketch which allows users to adjust the number of squares per side.
- This project was built to practice DOM manipulation.

Rock Paper Scissors

- Built a simple Rock Paper Scissors game which users can play against a computer.

WORK EXPERIENCE

San Diego Miramar College

Math Tutor

February 2017 - May 2018

- Held one-on-one tutoring sessions throughout semesters to discuss math concepts and practice problems, which helped improve some students' grades by at least a letter grade.
- Assisted students with homework problems ranging in complexity of elementary algebra to calculus during group study periods.
