EDUCATION

University of California, Berkeley   **May 2020**
Bachelor of Arts in Applied Mathematics   GPA: 3.3 / 4.0

San Diego Miramar College   **May 2018**
Associate of Arts in Mathematics Studies   GPA: 4.0 / 4.0
Honors: Highest Honors, Dean's List

SKILLS

HTML, CSS, JavaScript, React, SQL, Python, Git/Github

PROJECTS

Movie App
- Pulled data from The Movie Database API and built a single page application that displays popular movies.
- Users can search for specific movies and view movie details by clicking on poster images.
- This project was built using React.

Library
- Created a small library app which users can add books, change books' status, and remove books.
- This project was built using Vanilla JavaScript.

Etch-a-Sketch
- Developed an Etch-a-Sketch which users can adjust the number of squares per side.
- This project was built to practice DOM manipulation.

Online Clothing Store Landing Page
- Built a single page website using HTML and CSS.
- Applied CSS grid and media queries for responsiveness.

WORK EXPERIENCE

San Diego Miramar College   **February 2017 - May 2018**
Math Tutor
- Held one-on-one tutoring sessions throughout semesters to discuss math concepts and practice problems, which helped improve some students' grades by at least a letter grade.
- Assisted students with homework problems ranging in complexity of elementary algebra to calculus during group study periods.
